

## Steven L. Beal

July 11, 2020

Steven L. Beal, 46, passed away Saturday, July 11, 2020, at his home in Ladue, Missouri. He is survived by his wife, Erin; children, Rayan and Canaan; mother, Sandra Beal; sister, Susan B. Frangella and her husband Patrick; in-laws, Gary and Stacy Gruenwald; sister-in-law, Corrie Gruenwald; uncles, Pete Beal and wife Marilee, Clyde Beal, Rick Webb and wife Joyce; aunt, Ada Standerfer and husband Jerry; nephews and many cousins. He was preceded in death by his father, Lawrence J. Beal; grandparents, Othello and Blanche Beal, and Leo and Dorothy Webb; and uncles, Ronald, Cliff, and Leroy Beal.

Steven's life was centered around his family. He loved to hike, fish at a family pond with his wife and children, build complex Lego projects with Rayan, and play Pac-Man with Canaan.

Steven was the CEO of Mt. Vernon, Illinois-based National Railway Equipment Corp., and was a lifelong "railroad man." He had been in the industry since the age of 12, constantly learning the business from his father, Lawrence, who founded NRE in 1984. When Lawrence passed away in 2010, Steven was well prepared to assume leadership of the company. He was well known, and highly respected in the railroad industry.

Steven was also the owner of RARE Chop House, in Mt. Vernon.

Steven was a kind, loving, genuine man, who served on numerous boards and committees, always wanting to help everyone, and give back to the community. He was loved by many and will be missed by so many people.

In light of Covid-19 public health concerns, the family will hold a private, invitation-only service.

In lieu of flowers, the family asks that memorials be made to either Camp Independence, a YMCA specialty camp for children and young adults with Spina Bifida at <http://www.ymcac-hicago.org/independence>, or the Little Bit Foundation at <http://www.thelittlebitfoundation.org>, which helps underprivileged students in the St. Louis area. Memorials can also be received by mail to the Osborn Funeral Home, P. O. Box 130, Dix, Illinois 62830.

Online condolences may be made at <http://www.osbornfuneral.com>, or on the Osborn Funeral Home Facebook page.

“ It is with great sadness that I am writing this note. Steven and I basically grew up in the railroad industry together as we are close to the same age. Our friendship grew over the years as we began our families and shared common interests of motorcycles and cars. Steven was a true friend that I will miss dearly but will always have fond memories of our talks about our wives, children, and parents. I will miss those talks, but am so glad that we had the opportunities to grow together and learn from each other.

Erin.....My heart goes out to you and your children. I am so sorry for your loss and we are praying for you daily.

Rest in eternal peace Steven.

Your friend,

“ Steven Beal was someone very special to our company. Whenever we needed locomotives for new opportunities or needed some of our fleet upgraded, Steven was the first person we would call.

We always knew we were going to get treated fairly with the kind of open, honest communication that only Steven could give us. We weren't the only ones that were treated that way because Steven always went out of his way to treat people fairly and make them feel important, no matter their position in life.

Like any relationship, there were ups and there were downs but through it all Steven was always a friend that would listen to our needs and then go out of his way to make sure we were taken care of. You can't ask for anything more than that, which is why we did and will do so much business with Steven and NRE.

Our prayers and heartfelt condolences go out to Steven's family. May they get comfort in knowing what a very good and special man Steven was to his Customers and that he will never be forgotten.

“ Sandy, Susan & Pat, and Erin, my most heartfelt condolences to each of you. You are on my mind continually and I'm sending you all my love and strength during this impossible time.

I've struggled to find words to begin to express how heartbroken I am at Steven's passing. As others have said on this page, we all knew a kind, gentle, earnest man. He was an outstanding human and he will be deeply missed.

I took for granted all the happy memories of my childhood that involve him; over these past days I've really thought of nothing else. The family vacations, a decade of New Years Eves and my awful plays (sorry everyone.) Memories of riding around in the hatchback of the Dodge all over Chicagoland when Larry and Ang and I would visit...photos with the Easter bunny at Ford Mall...the time he and I had a head-on-collision on a go-kart and mini bike in front of the house in Hickory Hills, and our stunned faces as we came to a stop, surprised that we were both fully intact.....and of course, "Joe Cool's" first appearance on the Disney trip...so many good times. I'm thankful for those memories. For now all I can do is go forward knowing that he's somewhere out there with Grouch and Angie, and we'll see them all again some day.

“ I met Steven Beal a few years ago at Lambert St. Louis Airport while I was serving as an Airport Police Officer. He had a multi-tool with him at the TSA checkpoint and he wasn't going to be able to fly with it. Overhearing the conversation between Steven and the TSA agent, I followed Steven to the Terminal 1 USO, as he was trying to find a source to mail him the multi-tool, because it had sentimental value. I told him I would mail it to him the next day, Monday. We exchanged business cards, he told me to mail it C.O.D., and we parted ways so he could continue his trip.

I mailed Steven his multi-tool the next day, but I didn't bother with the C.O.D. After he received his package, Steven emailed me at work to thank me, telling me if I ever visited Mt. Vernon, stop by for a tour of the facility and we would have lunch or dinner. He had never told me what NRE Corp is, but he must have figured that I researched it. Within a few days, he emailed me again, telling me he would like to send me a thank you gift. He also asked if I am a Cardinals fan. I responded and said a gift was not necessary, but gave him my address anyway. Steven sent me two Cardinals/Cubs field box tickets, behind the Cubs dugout, with Cardinals cash to buy food!

He also sent me NRE swag - pen, calendar, can coozie, ballcap, and notebook/journal! Steven was truly a thoughtful man and generous man. Peace to Erin and their children, the entire family, and to the NRE family. I knew this man for two minutes and was instantly impressed by him.

“ My deepest sympathies to Steven's family. I met Steven in our late teens early 20's. He was one of the nicest gentlemen I have ever had the pleasure of coming across in my life. I adored him then and thought of him very often throughout the years. I was devastated and heart broken to hear this news. Praying for his family.

“ I think if I had to pick one small word that comes to mind about Steven, the one that pops up first is that he was such a NICE person! You can't say that about a lot of people nowadays. And he gave great hugs! I'll miss those.

He always stopped to say hello and chat when he was over at our building on Broadway. We'd talk about his kids and what they were doing, my grand-kids and what they were doing. I'm SO GLAD I saw him a couple of weeks ago. I was teasing him about his new beard and we had a good laugh. That's what I'll always remember - him smiling and laughing! What a good memory.

Our sympathy to Erin and the children, bless their hearts. Prayers for the whole Beal family.

“ I KNEW STEVEN'S DAD, LAWRENCE, AND RECALL HIM COMING TO MY OFFICE IN EARLY 1984 to tell me he was setting up a new company, National Railway Equipment. Over the past 3.5 decades, my companies bought many locomotives from NRE. I recall meeting Steven when he was barely 20 and working with his Dad at one of his offices..HIS DAD Created a legend in NRE, and Steven continued it after Lawrence left us 10 years ago.. THE success of NRE was and is its people, and his dad picked some good ones such as Ray Thornton, who had been top mechanical guy at the Seaboard Coast Line and Auto Train who sadly passed about five years ago.

WE are praying for Steven's family and the hundreds of people at NRE who hsrve and continue the legend Lawrence began and Steven continued. I bet Steven, Lawrence and Ray are up there in Heaven telling old railroad stories and selling locomotives.

our thoughts and prayers and good memories will always continue. On behalf of all of us from Minnesota Commercial Railway, our thoughts and prayers will always continue

“ I was honored to work at NREC (NRE) from 2006 to 2017. Steven always took the time to wave, or say hi, as he passed by my work area. I believe he really cared about the people that worked there, and always called me by name. His kindness to me in 2010 after Earl's death, was like seeing a rainbow after a fierce rainstorm and he was never too busy to sign any condolence card that I circulated.

One day, after we had become NRE, Steven happened to pass by and I saw his lapel pin with the new logo and complimented him on it. He looked at me, smiled, removed it from his jacket and handed it to me. Of course, I was hesitant, saying, "Are you sure?" He replied, "It's okay, take it, I have more at home."

Steven (and his dad before him) had a way of making you feel a part of something bigger; there was a real genuineness about them that is hard to find, and it is one of the reasons that I consider my time at NRE to be the highlight of my working life.

I cannot imagine the pain and loss that the Beal family is feeling right now, and my heart and my prayers go out to all of them. I hope they are comforted by knowing that Steven will be missed by everyone he dealt with, and that their grief is lightened a bit by being shared by so many.

I was just thinking the other day , how nice it would be to have a reunion of our New Orleans trip. It's hard to believe that's the last time I seen him, smiling and riding the bull, that's how I'll remember him. Lots of love and prayers to all of you , take care of yourselves and the families.
