“ *There r so many. Aunt crysti's laugh probably where I got mine. Her corky personality. Her always oddly enough trying to mend things with others. I remember here being with us more recently at Billy's funeral she sat front seat with dad. She didn't know me at first been my aunt obviously my entire life and didn't realize her brother was my father. But then just like gpa 5 mins later was absolutely normal, me and Mal knew something was happening. We all still loved her anyways. I remember so many holidays with her. So many memories. She had this little bounce. I remember when they,her, Bryan Heather and Tom would come down from Iowa. We did have great times. Then come Michael yrs later he was definitely party of her and much loved ❤️*
