“ *Our time together was so brief. I feel so blessed that she chose to spend that small portion of time with Janet & me. Her light was a blessing to all she knew. May God comfort Jack and family. Her brother Tommy.*

“ *My mom, Elsie and all of their siblings were adopted out in 1952. My precious mom passed away 3 years ago and a year and a half ago I was able to connect with my aunt Elsie. For the first time in my life I had family. We talked and messaged each other all the time and realized that we had so much in common. We shared our love for photography, hummingbirds and old black and white movies. Just four days before she passed away I messaged her late one night to tell her about a Betty Davis movie I had just watched. My next adventure was to go see her for the first time this spring. I wish that I could thank her once last time for making me feel loved and like I was a part of her family. She was so kind to me.*

“ Elsie was a special lady and I loved her. She always had a smile and kind words to say. She made you feel she cared and she did care. She spent the time taking wonderful pictures of nature. She loved animals. I am going to miss her and her hugs. We will meet again Elsie.
